Dear LAFCO,

My name is Florence Klein and I am a current homeowner and resident of Isla Vista. I have been living on Fortuna Road since 1998 and raised my family here.

Years ago, I attended numerous meetings where the discussion of creating a CSD was on the table. I was concerned then and am even more concerned by what I see - or rather don't see - now as the result of its creation.

Our democracy is as strong as our participation in it. That said, the CSD was formed when out of 10,000 mailed ballots 638 voters out of 771 participants voted for it. IV has a population of over 27,000.

I ask you to please conduct the required MSR. Please review both the current services provided by the IVCS D as well as the latent services IMMEDIATELY - not in 2023.

I would like to add that the CSD's lawyer Trindle made a false report saying he had come to an agreement with Lafco's attorney. To my knowledge that is not exactly correct. That fact as well as his threatening to sue LAFCO should be another reason for an immediate review.

Where have all our tax dollars gone?????

Sincerely, Florence Klein
