This message is for the Lockwood family.

We have resided in Los Olivos since 1979 and purchased our home at 2483 Park St. in 1983. We want to go on the record with our preference in regard to the issue of a two-year extension for the LOCSD board. We do not believe that such an extension would be useful, and we recommend that the two-year extension be denied.

Respectfully,

Noel Lockwood
