

March 2 2015

To Paul Hood and LAFCO Members:

My name is Alana Guinn and I own two parcels in the Santa Rita Hills Community Services District since 2001.

I fully support moving forward to the building of road access to my parcels.

I appreciate and commend the efforts of the CSD in trying to reach our goal to have accessible, functional and valuable properties.

We need the Bridges and Highways District to be created as it allows all parcel owners to vote and be eligible to sit on the board and decision-making about our properties and investments both in time and monies.

LAFCO requires the time to complete the application, which is in progress. The time is needed to reorganize the CSD into a BHD to finally complete this excessively long journey to complete the job started by the CSD. The landholders and taxpayers of Santa Rita Hills require this consideration in order to achieve their rightful goals.

With thanks for your attention in this matter.

Alana Guinn
