Subject: Santa Rita Hills CSD & Bridge & Highway District

Dear Mr. Hood and LAFCO Board:

We own parcel 12 in the Santa Rita Hills Community Services District and support the goal of building a road system so we can use our property as zoned. We have been involved in establishing the Santa Rita Hills CSD and want to see its work continue.

A Bridge and Highway District will allow all of the parcel owners to vote and be eligible to sit on the board of directors. It will allow our collected tax base to be used in the way we intended and for the purposes it was collected.

We ask that LAFCO allow us time to complete the current application so we can reorganize the CSD into a Bridge and Highway District. That will finally allow us to build the roads we need to be able to enjoy our properties. We need your support in this complicated matter, as our properties have been blighted by the inability to build a road to county standards.

Sincerely,

Ariel & Angela Lavie
