Status Report on Municipal Service Reviews and Sphere of Influence Updates

Dear Members of the Commission:

RECOMMENDATION

It is recommended the Commission receive and file this status report.

DISCUSSION

Note: The staff will provide periodic status reports on Municipal Service Reviews. No action by the Commission is recommended at this time other than to receive and file this report.

On September 4 the Commission approved the Request For Information questionnaire and directed the staff to proceed with the MSR/SOI Update program as generally described in the work plan received by the Commission on June 5.

On September 12 the staff met with local agencies in the Lompoc area to “kick off” the MSR program. The Commission earlier decided the Lompoc area would be the first to prepare MSRs. Representatives were present from the City of Lompoc, Lompoc Healthcare District, Mission Hills CSD and Vandenberg Village CSD. Commissioner Fox also attended the meeting.

Invited to attend but not represented were the County Fire Protection District, County Parks Department (for County Service Area No. 4) and County Sheriff (for CSA 32).

We reviewed the RFI and distributed the form on disks to facilitate responses. In addition the RFI is posted on the Commission’s web site and can be downloaded.
