Status Report on Municipal Service Reviews

Dear Members of the Commission:

RECOMMENDATION

It is recommended the Commission receive and file this status report.

DISCUSSION

Projected Municipal Service Review/Sphere of Influence Update Schedule

With Pam Cosby's assistance we have prepared an schedule and projection of dates for the overall MSR/SOI Update project, as depicted in the enclosed chart.

For each geographic area or group of local agencies there will be a "kick off" meeting, collection and evaluation of data, preparation of a draft report with required determinations, review of the draft report by the affected agencies, compliance with CEQA as appropriate and public review.

The schedule is ambitious and projects completing the MSR/SOI Update by December 2005. The staff will try its best to adhere to the projected schedule and bring any changes or modifications to the attention of the Commission.

Lompoc Area MSR

The kick off meeting for the Lompoc area was held on September 12. Since that time the following local agencies have responded to the Request for Information: City of Lompoc, Lompoc Health Care District, Mission Hills CSD and Vandenberg Village CSD.

Page 2

We have not received responses from the County Fire Protection District, County Service Area No. 32 (Law Enforcement) or County Service Area No. 4 (Parks) and have followed-up with a second request for information.

In the coming weeks we will review and analyze the significant amount of data submitted by these agencies, draft a report to the Commission including required written determinations, provide the draft report to local agencies for their review, evaluate compliance with CEQA and schedule the matter for a public hearing by the Commission.

Santa Maria Area MSR

The schedule for Municipal Service Reviews projects a November 20 kick-off meeting with local agencies in the Santa Maria Valley to begin the data collection process.

Please contact the LAFCO office if you have any questions.

Sincerely,

BOB BRAITMAN
Executive Officer
