**Municipal Service Review and Sphere of Influence Update  
for the Santa Maria Valley Water Conservation District**

Dear Members of the Commission:

Recommendation

It is recommended the Commission continue to June 1 the public hearing on the proposed Municipal Service Review for the Santa Maria Valley Water Conservation District.

Discussion

This matter was to be heard on February 2 but was continued to allow further consultation with the District. Such consultation has lead to the need to further address and resolve some wording issues in the MSR. We are not ready to present the matter at this time.

The District does not oppose a continuance, nor does the City of Santa Maria which has provided some of its own comments and wording suggestions for the MSR

Please contact the LAFCO office if you have any questions.

Sincerely,

**BOB BRAITMAN**

Executive Officer
